Lunenburg Community Choice Power Supply Program

Consumer Notification

The Town of Lunenburg is pleased to announce that it has awarded ConEdison *Solutions*, Inc. a contract to provide competitive electric power supply for eligible electric service customers for meter reads beginning in January 2012. In accordance with state law, every eligible consumer will receive a Consumer Notification letter.

The process to receive this lower cost electricity is designed to be as simple as possible. **The Town of Lunenburg/Con Edison *Solutions*, Inc. contract will change only who supplies, not who delivers, the electric power – reflected in the “Supplier Services” charge on the monthly electric bill.** Town of Lunenburg consumers will continue to receive a single electric bill from Unitil containing the ConEdison *Solutions*, Inc. supply charge and other standard billing information. Bills will be due according to Unitil’s usual billing schedule. Unitil will continue to read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same as you currently receive.

Consumers do not need to take any action to participate in the Community Choice Power Supply Program. All eligible Basic Service consumers in Lunenburg will be automatically enrolled. Under Massachusetts law you have the right to choose not to participate in the Town’s power supply program. **Consumers who do not wish to participate must sign and send back the “Opt-Out Reply Card” included with the Consumer Notification Letter.**
